### Clear Lake City Library Summer Reading Challenge Continues...

Welcome Summer! The library is stepping into unknown galaxies for the Summer Reading Program. Children of all ages are welcome to participate in reading challenges all summer long. No registration is required, children just need to pick up a reading log, read and collect! Even early readers are welcome to participate, they can record the number of books read to them by other family members.

Along with the Summer Reading Program the Clear Lake City Library has began making stops at the Good Samaritan Center with library books for residents. Any resident interested in receiving books can check with the activities staff for the schedule of dates, each resident will have their own card and will be responsible for the books they check out.

To find out more about Clear Lake City Library visit our blog spot at <http://clearlakesdlibrary.blogspot.com> or see us on facebook@clearlakebooks. We have something for everyone here...at the library.

## MAYOR'S MUMBLINGS

What we have been waiting for has finally arrived. The handicap dock is now in the lake and has already been used by many people. Hopefully, we will soon have the sidewalk installed going down to it making it more accessible.

Recently we have made many improvements to our parks and I hope people will take the opportunity and use them.

Once again the Crystal Springs Rodeo has come and gone and people were very busy getting ready for the large influx of people that the rodeo brings in every year. We are very fortunate to have an attraction that bring business into this community and I hope the people in this community will continue to support it for many years to come.

Many people have asked recently when will the City start repairing the streets?? Weather permitting, we hope we can start working on them in a couple of weeks. The water table is starting to drop, so they can repair them.

Mayor Gary Eide
